

Make a Bird Feeder

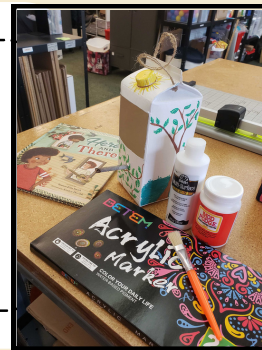

Gather the Materials

1. Empty milk/juice carton
2. White Paint
3. Paint Markers
4. Crayons/Markers
5. Mod Podge
6. Twine and a Stick

Paint and Decorate Your Bird Feeder

- Clean and dry your carton
- Paint the carton white all over and let it dry
- Use the paint markers to draw and decorate on the carton
- Color or draw your favorite things on the box
- Let Dry Completely

Finishing Touches

1. Cut out a square on one side of the birdhouse and use a stick to poke a hole underneath the square for the birds to perch
2. Brush Mod Podge all over the carton to protect from rain
3. Poke two holes in the top and use twine to make a loop for hanging

Find A Safe Place

Hang your bird feeder in a safe place outside
Take it with you from place to place if you want
